01 / ARCHITECTURAL FAÇADES & FLOORS

Ceramic slabs

Continuous large format

Continuous 120×280 and 160×320 cm surfaces conceived for unbroken floor-to-ceiling planes, single-piece kitchen islands and fireplaces.

CALDERA SERIES · REF. VN-SL-401

Caldera Ivory

Vein-cut travertine in large format, warm and continuous.

Continuous porcelain slab with the organic stratification of vein-cut travertine. Formulated for wet rooms, joint-free floors and ventilated façades, it keeps its ivory tone under intense Mediterranean light.

ALBA SERIES · REF. VN-SL-412

Alba Statuario

Warm white with a soft grey vein, dawn light.

Slab with a warm white ground and diffuse grey veins reminiscent of classic statuario marbles without their fragility. Ideal for master bathrooms, atria and bright kitchens where the slab must reflect light without glare.

02 / VITRIFIED SURFACE TILES

Porcelain tiles

Rectified indoor and anti-slip outdoor

Rectified porcelain for interiors and 20 mm anti-slip pavers for terraces, pool surrounds and high-traffic spaces.

DUNE SERIES · REF. VN-TL-114

Dune Stone

Limestone relief with sand ripples, R11 anti-slip.

Micro-textured porcelain reproducing wind-eroded limestone. Its tactile relief reaches R11 class for pool edges, spas and high-traffic lobbies without giving up the warmth of the sand tone.

ALBA SERIES · REF. VN-TL-121

Sal Marina

The texture of lime render in rectified porcelain.

Porcelain with a warm white ground and the irregular, luminous texture of traditional lime render. Conceived for bathroom and kitchen walls, it brings the light of a whitewashed house with the resilience of stoneware.

TIERRA SERIES · REF. VN-TL-133

Arcilla

The small-format clay tile of traditional kitchens.

Terracotta-toned porcelain with slight firing variations between pieces, available in the classic 20×20 and rectangular formats. It revives the character of the clay tile with near-zero absorption and no need for treatment.
