Caliza

Mediterranean limestone, midday light

Caliza captures the mineral luminosity of Levantine quarries: ivory travertines, warm sands and soft reliefs that age with dignity.

The collection was born from a journey through the limestone quarries of Castellón and Alicante, where the low morning light reveals strata, pores and veins that seem hand-drawn.

Each surface reproduces that stratification with high-definition mineral printing and a microscopic texture that diffuses light instead of reflecting it, creating serene, warm environments.

Caliza is the neutral base of the VENUS catalogue: it pairs with the brushed bronze of the Linea series and the satin washbasins of the Alba collection.

PRODUCT INDEX

- Caldera Ivory — VN-SL-401 — Vein-cut travertine in large format, warm and continuous.
- Dune Stone — VN-TL-114 — Limestone relief with sand ripples, R11 anti-slip.
- Monolito Freestanding Washbasin — VN-BS-620 — Single-piece composite column, no corners.
- Piedra Ceramic Bath Set — VN-AC-131 — Soap dish, tumbler and tray in the same composite as the washbasins.

Alba

Mineral whites, sculptural geometry

Alba explores white as a material: grey-veined statuarios, lime renders and satin composites that shape the light of dawn.

Inspired by the whitewashed villages of the interior and the quicklime of rooftop terraces, Alba brings together surfaces and sanitary pieces that share the same warm, never clinical, white.

The Alba Statuario slab brings the drama of the vein, the Sal Marina porcelain the texture of lime render and the Ovalis washbasins the sculptural curve.

It is the most versatile collection for hospitality: resilient, luminous and easy to maintain.

PRODUCT INDEX

- Alba Statuario — VN-SL-412 — Warm white with a soft grey vein, dawn light.
- Sal Marina — VN-TL-121 — The texture of lime render in rectified porcelain.
- Ovalis Washbasin — VN-BS-602 — Oval vessel in satin composite, 12 mm rim.
- Forma Wall-Hung WC — VN-WC-880 — Rimless, vortex flush and slimline seat.
- Forma Wall-Hung Bidet — VN-WC-882 — The companion to the Forma WC, with the same line and fixing.
- Ovalis Mirror — VN-AC-120 — Round backlit mirror with a slim metal frame.

Tierra

Fired clays, ochres and bronze

Tierra celebrates the ceramic origins of VENUS: terracottas, ochres and clays fired at high temperature, accompanied by brushed bronze taps.

The company's first kilns, in 1972, fired red clay tiles for courtyards and kitchens. Tierra reinterprets that legacy with today's porcelain technology.

The Arcilla porcelain revives the 20×20 format of traditional kitchens, while the Tierra Ocre slab brings the colour of clay to continuous large-format planes.

The warm tones of the collection are balanced with Alba white and Sombra grey in sun-drenched kitchens, terraces and living rooms.

PRODUCT INDEX

- Tierra Ocre — VN-SL-421 — The colour of fired clay in a continuous plane.
- Arcilla — VN-TL-133 — The small-format clay tile of traditional kitchens.
- Rondo Washbasin — VN-BS-633 — Round bowl in satin terracotta, sand or white.
- Linea Wall-Mounted Basin Mixer — VN-AC-110 — 210 mm spout and cylindrical lever, wall-concealed.

Sombra

Basalts, veined blacks and matte black

Sombra is the dark counterpoint of the catalogue: grey basalts, gold-veined blacks and matte black hardware for spaces of great intensity.

Under Mediterranean light, shadow is not absence but depth. The collection seeks that density in polished surfaces that reflect their surroundings and in matte textures that absorb it.

The Nero Vein slab, with continuous golden veins and available bookmatched, is the iconic VENUS piece for fireplaces and receptions.

The Basalto Gris porcelain and the Quadra washbasin complete a sober palette conceived for contemporary architecture.

PRODUCT INDEX

- Nero Vein — VN-SL-408 — Basalt black crossed by calcite and gold veins.
- Basalto Gris — VN-TL-140 — Fine-grained volcanic grey for floors and outdoors.
- Quadra Washbasin — VN-BS-611 — Rectangular geometry with minimal radii, in three stone tones.
- Linea Back-to-Wall WC — VN-WC-890 — Floor-standing back-to-wall version for refurbishments without a frame.
- Aria Concealed Cistern & Flush Plate — VN-WC-901 — Self-supporting frame and metal flush plate in three finishes.
- Linea Accessories Set — VN-AC-102 — 60 cm towel rail and two hooks in PVD solid brass.
