Indicative reference values (demonstration data).

INSTALLATION

- Compatible with 1,150 mm frames; screw distance 180 mm.
- Horizontal Ø 100 mm outlet connection with elbow sleeve included.
- Fit the seat after curing and adjust the soft-close dampers.

CARE & MAINTENANCE

- The easy-clean glaze is maintained with standard non-abrasive cleaners.
- Check flush mechanisms and silicone joints annually.
- Do not use chlorine tablets in the cistern: they damage the internal mechanisms.
