

MONOLITO SERIES · REF. VN-BS-620

Monolito Freestanding Washbasin

Single-piece composite column, no corners.

Freestanding 85 cm tall washbasin moulded in a single piece of mineral composite. With no joints or corners it withstands the steam and saline water of spas and hotel bathrooms, and frees the wall from furniture and worktops.

Category	Washbasins
Collection	Caliza
Sizes	45 × 45 × 85 cm (Column) · 50 × 40 × 85 cm (Rectangular)
Finishes	Satin mineral

Indicative reference values (demonstration data).

INSTALLATION

- A cut-out template for the worktop is supplied; central Ø 70 mm hole for the drain.

- Bed on a bead of neutral silicone; do not tighten the waste beyond 12 Nm.
- Check level before the silicone cures (24 h).

CARE & MAINTENANCE

- Clean with a microfibre cloth, water and neutral soap; do not use solvents or concentrated bleach.
- Surface marks are restored by gently sanding with 400 grit and applying polishing cream.
- Avoid prolonged contact with hair dyes or products with intense pigments.
